Mobile-Friendly Acadia Parish Maps Feature

The Acadia Parish Assessor's Office is excited to announce a simplified way to access our Maps Feature. The mobile-friendly update is available to all iOS and Android device users who utilize the Assessor's interactive map for research and planning purposes, and is easy to install.

To add the app shortcut to your device's home-screen, simply:

- Visit The Assessor's Office Website on your device.
- Open the Maps link.
- Navigate to the button shown below (circled in yellow)
- Click "Add to Home Screen."

You'll then be able to quickly access the map shortcut any time right from your device! Get started now at acadiaassessor.org
